

ELJA RIM CLEANER

- * Removes dirt, mud, oxidation, light rust and brake lining dust from aluminum car rims.
- * Elja Rim Cleaner neutralizes all deposits and oxidation on aluminum and stainless steel.
- * Contains a corrosion inhibitor to protect the surfaces to be treated.
- * Does not contain hydrochloric acid.

How do you use ELJA RIMCLEANER?

Spray and leave on for 5 to 10 minutes, then rinse well with water.

ATTENTION! When using on anodized aluminum, always test first!
